Why are there 4 spots for a covid vaccination? Why are there 2 spots for an appointment on the back? You don't need an appointment for your first vaccination. And you've explicitly been told not to laminate the card.

We've got to talk about the Rolling Stone invermectin article. Turns out the story about rural hospitals so flooded with ODs that they couldn't treat other patients was made up, entirely invented.

A lot of people took the bait, and I've got the screenshots. ⤵️

First, for context, here's the original piece from @RollingStone and the follow up from the actual hospital saying the story was BS and that the one (one!) person the story quotes doesn't work at that hospital anymore (and hasn't in months).

The left and their corporate and media handlers are working overtime to try to claim anyone who disputes the 2020 election is "election meddling.."

This is the real threat to a Constitutional Republic is that you cannot question the government.

How can people not see this???

So all of the evidence shows that everyone besides Trump was involved in election meddling... We've seen it in Georgia, Arizona, Michigan, Pennsylvania, etc.. From ballots in suitcases under tables, etc..

Yet they're "ramping up" a criminal probe on Trump and election meddling?

Good morning @GOP once again I see you all making tweets saying this or that needs to be done.
But you all don't do anything about it.
If you all don't do it, maybe we the people need to find the people who will come election time. Or do it ourselves.

So all of the evidence shows that everyone besides Trump was involved in election meddling... We've seen it in Georgia, Arizona, Michigan, Pennsylvania, etc.. From ballots in suitcases under tables, etc..

Yet they're "ramping up" a criminal probe on Trump and election meddling?

Remember that Trump pressured GA's Sec of State to find him enough votes to carry the state? Or that he told his Acting AG "Just say the election was corrupt and leave the rest to me"? How is that not attempted election fraud?

Not according to the Heritage Foundation. Their extensive database on Voter Fraud shows multiple trump supporters committing said fraud. All audits, up to and including the Arizona mess, show no evidence of fraud. What ARE you talking about?

The jab actually destroys your stronger and more durable natural immunity and makes you dependent on a weak and fading jab that you'll need multiple times per year while your other defenses are weakened against shingles, RSV, herpes, et al. Maybe even polio will make a comeback.

Matt Couch @RealMattCouch
It's proven that having the antibodies is far stronger than the jab itself ... so why are people that have already had this getting the jab.

I'm just asking the question, someone make it make sense for me

I could be wrong, but I was under the impression that there is no current blood test available, that can confirm if you have previously had Covid. You are totally reliant on rather dodgy test kits. Hopefully we will soon get a prick test that can give us an assured answer

My mom and dad both had covid last year. Their doctor told them to get the vaccine and so they did. It's that simple and wrong. My dad has had major side effects since and regrets it.

Hey @LeslieRutledge What can we the people of Arkansas do to put a little pressure on the Arkansas Supreme Court to get this mask insanity of masking our children overturned. Thank you for filing the injunction against Judge Fox, where do we go from here?

Arkansas department of health says if a kid wears a mask they don't have to quarantine for 10 days if they are contact traced to a positive. How does this make sense? Students missing school all while not having symptoms or even being positive. Enough is enough.

Just FYI, VT pushed mandatory vaccinations on students (only). The total crowd was less than half (but more than a third) students. About 134 students were disenrolled because of not taking vaccine OR not providing proper exemptions. Proud of the atmosphere though!

BLACKSBURG, Va. (WDBJ) - Virginia Tech has announced 134 students were disenrolled after noncompliance with its policy regarding COVID-19 vaccinations.

I'm curious as to when the CDC will recommend to the Biden Administration that the Southern Border should be closed?

You know, since we're trusting "Science" and all, you'd think 200,000 unvetted unvaxxed illegals a week coming across the border would be a problem...

It is a thought. I'm right here in So AZ where they cross the border. We are the first city big enough for them to scatter and camp in the washes when they are dry.

I'm curious as to when the CDC will recommend to the Biden Administration that the Southern Border should be closed?

You know, since we're trusting "Science" and all, you'd think 200,000 unvetted unvaxxed illegals a week coming across the border would be a problem...

As a matter of fact, denying unvaccinated people medical treatment is criminal.

If Joe Biden, his admin, Dr Fauci or anyone else really cares about stopping covid and saving lives then they will do everything they can to make life saving meds widely available just like vaccines

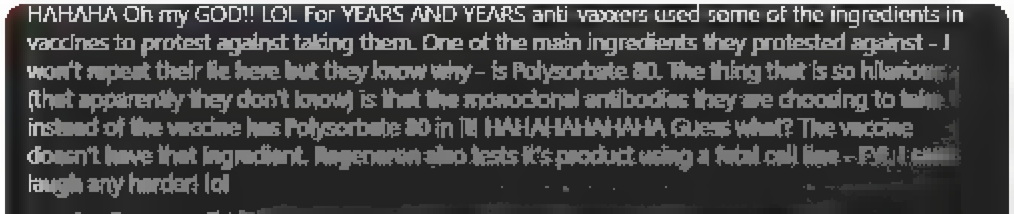
What are your thoughts about this?



HAHAHA Oh my GOD!! LOL For YEARS AND YEARS anti vaxxers used some of the ingredients in vaccines to protest against taking them. One of the main ingredients they protested against - I won't repeat their lie here but they know why - is Polysorbate 80. The thing that is so hilarious (that apparently they don't know) is that the monoclonal antibodies they are choosing to take instead of the vaccine has Polysorbate 80 in it! HAHAHAHAHAHA Guess what? The vaccine doesn't have that ingredient. Regeneron also tests it's product using a fetal cell line - FYI. I can't laugh any harder! lol

1) 75% of Americans are now vaccinated.

2) COVID cases are up 300% from this time last year when there was no vaccine.

This administration has previously stated that a vaccine mandate is not the role of the federal government.

Today, Joe Biden is mandating the vaccine for over 80,000,000 Americans.

This is a massive overreach by the Biden Administration and we must not allow this to continue.

If this was truly a pandemic of the unvaXXinated ? And the Jab works or worked…

Does anyone really believe the radical left, mainstream media, big tech, and corporate giants would be trying to save the conservatives and mandating this?

Or would they just let them perish?

They know it's not just conservatives that aren't getting the jab. That's why they're trying to "save" people.

Matt, the majority truly knows what this is … they've known it for a long time. A high jacked democracy force fed by corporate greed.
But honestly, the rogue element of greed, corruption, wallstreet China military investment groups are in control. You know how this goes.

If this was truly a pandemic of the unvaXXinated ? And the Jab works or worked…

Does anyone really believe the radical left, mainstream media, big tech, and corporate giants would be trying to save the conservatives and mandating this?

Or would they just let them perish?

They know it's not just conservatives that aren't getting the jab. That's why they're trying to "save" people.

Matt, the majority truly knows what this is ... they've known it for a long time. A high jacked democracy force fed by corporate greed.
But honestly, the rogue element of greed, corruption, wallstreet China military investment groups are in control. You know how this goes.

Are we in stage 6?

TEN STAGES OF GENOCIDE

1. **Classification:** People are divided into *"us and them."*
2. **Symbolization:** People are **forced** to identify themselves.
3. **Discrimination:** People begin to face systematic discrimination.
4. **Dehumanization:** People equated with animals, vermin, or diseases.
5. **Organization:** The government creates specific groups (police/military) to enforce the policies
6. **Polarization:** The government broadcasts propaganda to turn the populace against the group.
7. **Preparation:** Official action to remove/relocate people.
8. **Persecution:** Beginning of murders, theft of property, trial massacres.
9. **Extermination:** Wholesale **elimination** of the group. It is *"extermination"* and not murder because the people are **not** considered human
10. **Denial:** The government ***denies*** that it has committed any crime.

If you're OK with mandates because your business doesn't employ more than 100, just wait. Wait until he abuses his federal power to state that banks can't accept deposits from unvaccinated businesses. That unvaccinated businesses can't ship goods across state lines. It gets deep.

Can I tell you about India, the largest country in the world, where they have only 7.9% vaccinated, 68% have the antibodies, & they beat Covid Delta Variant in 3 weeks with the drug you're slandering @joerogan with?

Harriet Hageman

My friend, Darin Smith, is a true tested Conservative. Many of us share the same vision for Wyoming, to elect a tough leader who will defend America First policies in Congress. We are stronger together as we fight to take back Wyoming's congressional seat. Thank you, Darin!

Cheyenne, WY – Darin Smith today announced that he will be suspending his congressional campaign and giving his endorsement to candidate Harriet Hageman who received President Trump's endorsement earlier today.

Smith gave the following statement:

"I said hell would freeze over before I'd be the reason Liz Cheney gets re-elected to represent the great state of Wyoming in the U.S. House. President Trump has gotten behind Harriet Hageman to defeat Liz Cheney. Unity is our strength, and it is imperative that we unite to take this great Country back. To honor my word, I am throwing my support behind Harriet as well. Liz Cheney must go.

"As the clear front runner prior to President Trump's endorsement (see Newsweek's article and Breitbart's article), my stepping back should help clear the field for a one-on-one matchup. If the dynamics of the race change, i.e. Cheney drops out or a Runoff Bill is passed, I will reassess my next steps. In the meantime, other politicians in Wyoming, especially our Governor, have failed to demonstrate America First and Wyoming First values. Whether or not my name is on the ballot, I will do everything I can to clear out the weak and fake Republicans who continue to run our Country into the ground. Wyoming deserves better."

How many of you have listened to Biden's speech from Thursday a second time and realized how stupid this sounds...

"We're going to protect vaccinated from unvaccinated co-workers."

So you're admitting the jab doesn't work? How stupid are Americans to fall for this?

Let's dig into Thursday's stupid-fest a little more shall we...

"This is not about freedom or personal choice. It's about protecting those around you.."

Again, how stupid are Americans that can't see tyranny when it's in their face like a 250lb stripper named Sheila?

If you're vaccinated, and they work as well as Biden suggests…

Why in the utter f**k do you care who is unvaccinated?

You're protected, right????

I wish the media had cared as much about the Las Vegas Shooting or the Christmas bombing like they "care" about trying to pretend that President Trump organized an "insurrection" on January 6th.

How many months has it been? Hoax News has left us with no one to trust.

The best advice I can give anyone: Think and research for yourself - multiple sources. Do not let any agency, institution, government or individual think for you. The cause of most failures (including death) is not thinking on your own. Groupthink is failure.

OK. I'm tired of the emotional reasoning, so I went to the CDC's website and sorted through the data myself. Here are the cold, hard facts as of 9/4/21.

TOTAL CASES (US): 40,048,255
TOTAL DEATHS (US): 643,858

DEATHS BY AGE:

50-64 years: 106,674 (.27% of total cases)
65-74 years: 144,020 (.36% of total cases)
75-84 years: 173,655 (.43% of total cases)
85+ years: 185,188 (.46% of total cases)

40 1.0K 3.6K

Jason Bailey, MA @iamjasonbailey 13h
•TOTAL DEATHS account for 1.6% of total cases.
•78.1% of TOTAL DEATHS are over the age of 65.
•94.7% of TOTAL DEATHS are over the age of 50.
•6% of TOTAL DEATHS are attributed to Covid only
•94% of TOTAL DEATHS have an average of 2.9 co-morbidities (12/6/20)

You're scared. I get it. We all were at the beginning. But the data does not justify almost two years of cowering in fear, and it certainly does not justify mandates especially for our children (188 total deaths ages 1-14).

It's quite simple. If you want to wear three masks, a face shield, rubber gloves, and get every vaccine and booster known to man, be my guest. Nobody will stop you and nobody will get up in your face and scream at you for doing so. Just don't project your fears onto others.

Just putting this out there:

In New York, 78.9% of those over 18 are vaccinated.

Children under 12 cannot receive the vaccination. Do you think that has something to do with that policy to mitigate cases in schools?

Keep your circles tight folks... at the end of the day, you can really only count on family and less than a handful of people who truly give a damn about you..

Regardless how much you've done for them, built their platforms, built their brands, etc.. They truly don't care..

Have seen multiple social media posts from people in my area on losing friends and neighbors from the shots so I knew it had to be a huge problem. Covid isn't Ebola, it is quite survivable for almost everyone. People need to THINK.

So it is more appropriate for higher risk populations to consider vaccination.

No one will tell you that cortisol (stress hormone) can weaken the immune system in as little as 30 minutes.

And here we are with people swimming in it for almost two years because of the media hysteria.

I'm guessing that can't be good for Covid outcomes, but who will study it?

Scared of? This is not about a reaction. This is about a consequence … not abiding by rules. You defend someone who doesn't even show a glimpse of God's attributes … Beauty, Grace, Justice, Goodness & Honor … In fact Locke represents the opposite, Contentious, proud & haughtiness

The uber rich won't pay it anyway. It will be the upper middle class who own their own businesses. Prices will rise. Business owners will have less money to grow their businesses, hire more workers or pay higher wages. It's a race to the bottom.

The common cold is a Coronavirus. Is this what these faulty tests are picking up? Is this why there is so many "cases"?

My wife is one in a handful of conservatives , a Librarian at their high. Hasn't missed a day of work since covid started, has had to substitute over 89 times, sometimes occupying a seat just abandoned for quarantine. She's seen it all and it's redic!! We got no grit.!!

I believe so. I was talking to a coworker yesterday and she said a test came back false positive. It's faulty. The PCR inventor even said its not made to test for this virus and can't tell the difference between this or common cold. It's a rigged test.

wilma stewart @wilmast61710204 · 14h

Over the course of the pandemic, it has been recognised that positive tests with a high cycle threshold may be detecting very small amounts of viral genetic material or "non viable fragments" rather than active virus ... a false positive see Kary Mullis inventor of PCR test

Gen. Milley's alleged collusion with China's military at the very time of the alleged Jan 6 "insurrection" has suddenly cast a spotlight on an apparent political diversion from the real insurrection. This will not be buried, no matter how much the as yet unindicted plotters try.

Seth, he's a disgrace who personally crapped all over 250 years of civil-military relations. We're taught to respect civilian control from day one; he wrecked that.

Seth Mandel @SethAMandel

It sounds to me from the reports and the excerpts that Milley misread both his own govt and the Chinese govt and got played by the latter under pressure. He's not a traitor, but he's not good enough at his job. And he has an important job! He probably shouldn't.

My cousin in Trinidad won't get the vaccine cuz his friend got it & became impotent. His testicles became swollen. His friend was weeks away from getting married, now the girl called off the wedding. So just pray on it & make sure you're comfortable with ur decision, not bullied

If this is true GEN Milley must resign. He usurped civilian authority, broke Chain of Command, and violated the sacrosanct principle of civilian control over the military. Unfortunately only 3 million turned out to vote, 6 million voted for Trump in 2020. Republicans stayed home, it's sad, those are the facts.

They didn't have to rig anything in California.. There are 2 to 1 Registered Dems to Reps in the state..

Even if every person registered in the GOP turned out, (Which they didn't, most rallies had less than 100 people, it's been sad) The Dems would have still won heavily..

There is ZERO proof of a rigged election in California.. It hasn't even been 24 hours..

There are TWO to ONE Registered Dems to Vote in California..

They allowed ballots to be mailed in from home..

GOP DID NOTHING..

DEMS had Obama, Biden, Pelosi, Harris on the ground..

How do deaths from the vaccine compare to deaths from Covid? It's important to keep the bigger picture in mind

1

Tiffany Keller @keller_tiffany 23h

No disrespect but the so called "vaccine" is suppose to cure covid but now people are dying or getting severely sick and hospitalized after getting it. Its all part of "the plan". People need to wake up!!!

We stopped the mandate in TN. My best advise, DO NOT COMPLY! Let them send all the kids home. Eventually they have to recant. They only get funding when children are present. Parents have the authority over their children.

Very honest question here, when I hear domestic terrorism I think of the riots tearing down historical statues and taking over cities. What makes this aimed at the January incident? Sorry for not keeping up. Just want to understand.

I'm not suggesting the vaccine doesn't do what it is designed to do (which is keep people out of the hospital)

What I am suggesting is that forcing vaccination on people is not going to stop cases from spreading

So let people make personal health decisions for themselves.
